

Masked

Dashboard Notes:

- 1) Be sure to select a **Geo Level** and a **Geo Type** where applicable to avoid incorrect totals.
- 2) OCR does not provide base or incremental sales data.
- 3) To get a roll-up of Masked Type slicer.

Share:

- 4) All Brand Share measures are calculated against Total Category.
- 5) Green Share measures are calculated only against Selected Brands.

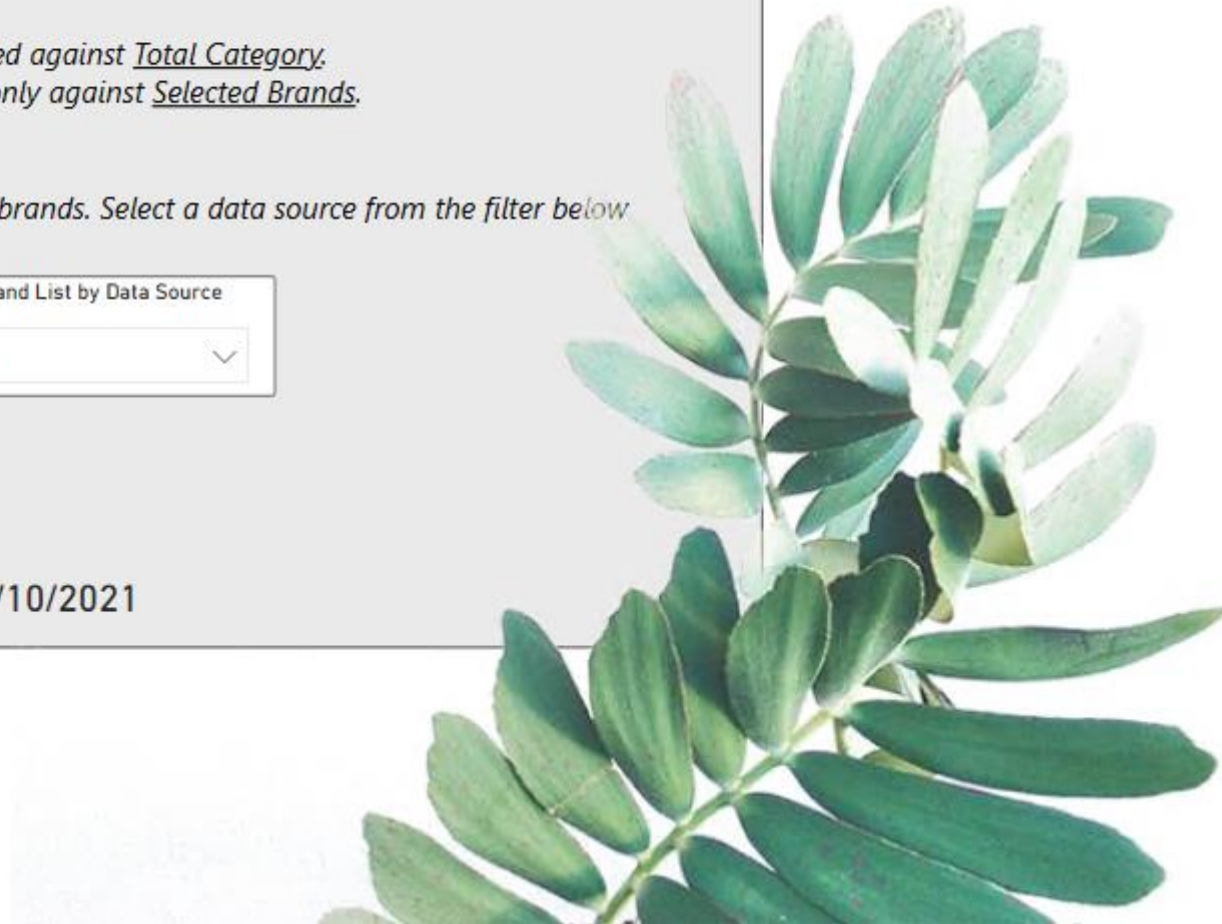

Brands:

- 6) Each data source has a different list of brands. Select a data source from the filter below to view the list of brands pulled.
